## To Whom It May Concern:

This letter is to serve as my formal recommendation for Bob Schmidt. Bob has been our direct radio contact at Family Radio for several years. During that time he has been easy to work with and outstanding in his professionalism and interpersonal skills. We could always count on Bob to encourage potential clients and listeners to use our business. Our advertising through radio has been a success and we feel that Bob was a contributing factor in that success.

For these reasons, I recommend Bob Schmidt as a job candidate to any potential employers. If you have any questions regarding Bob or this recommendation, please contact me.

Sincerely,

*RJ Miller*
